

Happy Attendance Awareness Month!

Build the habit of good attendance

While September is **Attendance Awareness Month**, our district pledges to create a culture of achievement for every student, every day, all year long!

Research shows, attending school every day...

-  Helps students feel better about school and themselves
-  Allows for a personalized learning experience that keeps students from falling behind
-  Helps students get back on track and recover lost momentum
-  Improves mental health through socializing, developing friendships, building empathy, and forming lasting relationships with peers
-  Promotes student learning and increases chances of graduation

Thank you for your dedication to show up all year long!

Be active, be present. It all begins with being in class!
